[PASTE LYRICS]

Make it **fun, colorful, energetic and super vibey** with cute cartoon characters, lively dance moves, playful expressions, vibrant backgrounds, fast beat-synced cuts, fun camera movements and catchy transitions.

Every lyric line should have a cute/funny visual matching its meaning. Keep the characters adorable but the overall vibe **mass, playful and kuthu-style**.

Use bright colors, dynamic movements, confetti, sparkles and fun Tamil street/festival vibes. Sync every movement and scene change perfectly with the beat.

Keep the same characters and animation style throughout.
